

ROTAVATOR

XTRA SERIES

SALIENT FEATURES

- International quality boron steel blades
- High tensile fasteners
- Flexible spring damper assembly
- Heavy duty gear box
- Ensures smooth operation in different soil types
- Provides ease of working in interculture operations
- Effective for puddling due to better churning of soil

ROTAVATOR XTRA SERIES

The pre-eminent & intelligent design of Solis Xtra Series ensures maximum width coverage with minimum HP range. Its compact design is best suited for hobby gardening in yards.
